

"I dream of visiting my brother who lives out of state..."

"I'd love to work in a computer store..."

"I want to learn how to read..."

"I want to work with horses..."

"I need to build a wheelchair accessible bathroom..."

You can help people with disabilities achieve their **Dreams**

Ellyn Traub

At Noble, the people we serve have dreams as unique as they are. We can realize some of these dreams through our services and community connections, but others take a little more creativity and resources.

That's where the Noble Dream Team begins.

The Dream Team bridges the gap between Noble consumers' life-enhancing dreams and the resources, connections and personal interactions necessary to make those dreams a reality.

We invite you to help by tapping into your connections, spending some volunteer time or making a donation. Together, we can pull together the resources that will allow the people we serve to achieve their dreams and live fulfilling lives.

For example, we are in need of:

- Volunteer Time
- Construction Talent
- Connections in the Hotel, Entertainment and Travel Industries
- Monetary Donations

While this opportunity shouldn't take too much of your resources, the thought and creativity you invest will make all the difference to the people we serve.

If you can help the Dream Team or want to learn more, please e-mail philana.cunningham@nobleofindiana.org or call 317-375-4241.
